Description				
<p>We had a blank canvas to work with in designing the bar for our clients, as it was incorporated in a full scale renovation of the basement. The focal point of the space features a custom wet bar with raised granite to create a dramatic space for entertaining family and friends. It includes a beverage center, ice machine, and plenty of additional seating for guests. The bar features the Hanover door style in Cherry, highlighted with an Espresso finish. We incorporated glass upper cabinets to show off the client's stemware and achieve the modern vision the client's hoped for.</p>
