Premier	Savannah	Maple		GLACIER PEWTER
Description				
<p>This couple's master bathroom did not match the grandeur of the rest of the home. They had been putting off the remodel as they didn't know what to do with it. With the help of their designer they restructured the entire space giving them much needed space as well as beautiful and elegant room.</p> <p>Problems/Challenges:</p> <ul style="list-style-type: none"> -Tight cramped space, they couldn't even get into some of the base cabinets -Shower too small and the old acrylic was cracking -Wanted a walk in closet and separate water closet -needed more storage -Had an unused hall bathroom and hall closet adjacent to their master bath -Wanted a beautiful elegant style -Would like somewhere to sit and get ready in the bathroom <p>Solutions:</p> <ul style="list-style-type: none"> -Opened up wall into adjacent rooms and expanded into them to make the bathroom larger and give them a walk in closet -Eliminated the window to give more wall space -enlarged the shower and built a water closet into an unneeded hall closet for more privacy -Used Wellborn's Savannah Maple cabinetry in Glacier Pewter for a soft, bright look in the bathroom -Added corner foot valances and arched valances at the base of the cabinetry to give it a truly furniture look -Added a lower seated vanity area -Stacked molding around the room added to the elegant look of the space -Mirrors are framed to match the cabinetry -Lit Glass in the upper cabinets to further brighten up the space -Frameless glass shower doors make the space look more open <p>This master bath now suits them perfectly!</p>				

Bedroom

Hall Bath

Hall

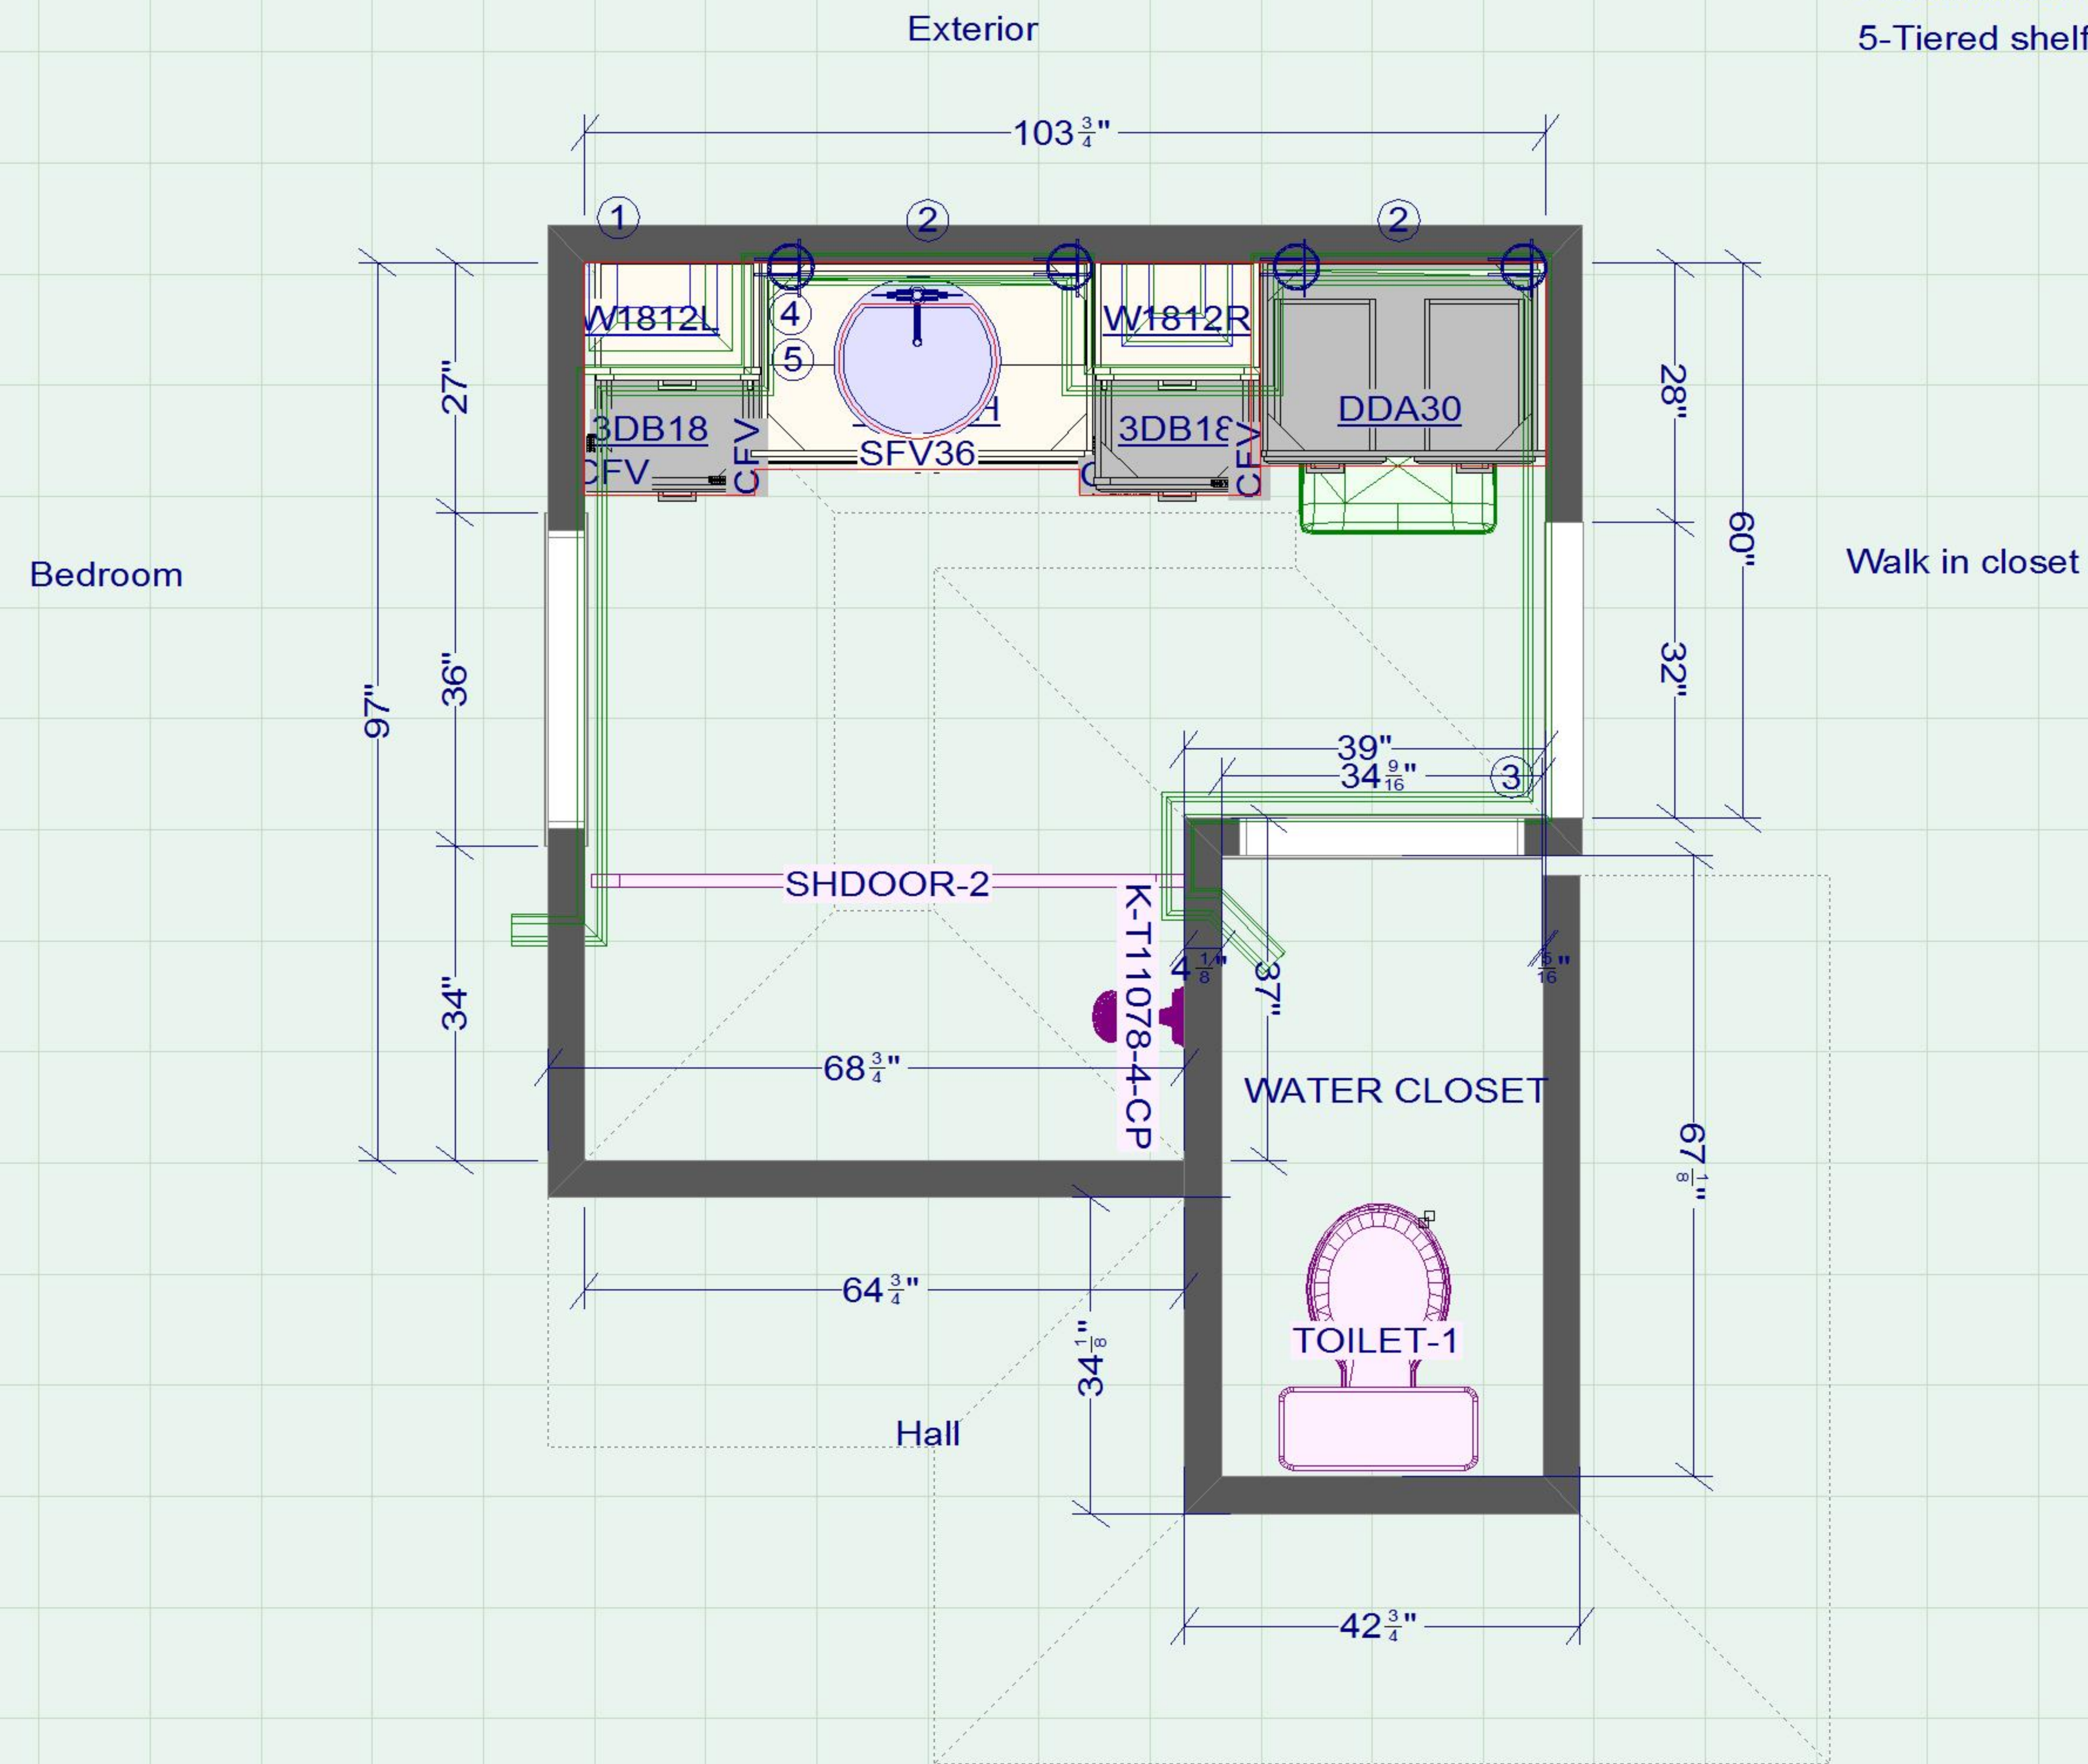

NOTES

- 1-Clear glass doors
- 2-Frame around Mirror
- 3-Crown around room TCM w/ Dentil insert
- 4-Outlets cut into sides under tiered shelves
- 5-Tiered shelf inside w1836's
